FOR IMMEDIATE RELEASE

North County Health Services to Receive Donated Health Care Products from Henry Schein Cares Over Next Two Years

Program expands access to care for the San Diego County communities of San Marcos, Oceanside, Carlsbad, Encinitas and Ramona

San Marcos, Ca. January 13, 2014 -- North County Health Services, a 501(c)(3) Federally Qualified Health Center, announced today that it will receive health care product donations over the next two years valued at up to \$25,000 as part of its renewed agreement with Henry Schein Cares, the global social responsibility program of Henry Schein, Inc.

Henry Schein Cares helps to expand access to health care for underserved and at-risk populations around the world in the areas of wellness and prevention; emergency preparedness and relief; and capacity building.

Ongoing participation in the Henry Schein Cares program will enable North County Health Services to more effectively carry out its mission "to improve the health status of our diverse communities by providing quality healthcare that is comprehensive, affordable, and culturally sensitive" and expand its ability to provide care to low-income, uninsured/underinsured adults and children in northern San Diego County.

"We are grateful for our partnership with the Henry Schein Cares program that shares our dedication to expanding access to health care," Briana Cardoza, Director of Program Planning & Grants at North County Health Services, said. "These donations will allow NCHS to continue providing the best quality health care possible to underserved patients throughout North County."

###

About North County Health Services

North County Health Services is a private not-for-profit organization that serves over 60,000 patients annually at 10 community health centers in Carlsbad, Encinitas, Oceanside, San Marcos and Ramona, and through two mobile clinics. NCHS has been providing affordable, quality & comprehensive care to members of our north San Diego County communities who are uninsured or underinsured for over 40 years. Services at NCHS include pediatrics, obstetrics, gynecology, dental care, internal medicine, adolescent medicine, radiology, pharmacy and transportation services as well as community health outreach, prevention and disease management programs. We accept private insurances, Medi-Cal and Medicare. If you are uninsured, you may be eligible for low or no-cost programs based on

your income, qualify for a discount or use our monthly payment plan. For more information, visit www.nchs-health.org or call 760-736-6767.

About Henry Schein Cares and the Henry Schein Cares Foundation

Henry Schein Cares, Henry Schein's global corporate social responsibility program, stands on four pillars: engaging Team Schein Members to reach their potential, ensuring accountability by extending ethical business practices to all levels within Henry Schein, promoting environmental sustainability, and expanding access to health care for underserved and at-risk communities around the world. Health care activities supported by Henry Schein Cares focus on three main areas: advancing wellness, building capacity in the delivery of health care services, and assisting in emergency preparedness and relief. Firmly rooted in a deep commitment to social responsibility and the concept of enlightened self-interest championed by Benjamin Franklin, the philosophy behind Henry Schein Cares is a vision of "doing well by doing good." Through the work of Henry Schein Cares to enhance access to care for those in need, the Company believes that it is furthering its long-term success.

Established in 2008, Henry Schein Cares Foundation, Inc., a 501(c)(3) organization, works to foster, support, and promote dental, medical, and animal health by helping to increase access to care for communities around the world.

The Henry Schein Cares Foundation carries out its mission through financial and health care product donations that support health care professionals and community-based programs focused on prevention, wellness, and treatment; disaster preparedness and relief; and capacity building of health institutions that provide training and care.
