Health Fair at Library

Ramona Journal • Sun, Jun 01, 2014

A Summer Fun Health Fair is set for June 28, offering fun for the whole family along with free health screenings — including dental, hearing and vision for kids, and blood pressure checks for adults — and information on health and community resources.

In addition, there will be food, free drawing prizes, Zumba, kids activities and a DJ.

North County Health Services (NCHS) Ramona Health Center Manager Esmeralda Amaya said the main purpose of the health fair is to highlight the programs and services NCHS has to offer, as well as community resources.

"We want the Ramona community to be well aware of resources available in town and utilize them," Amaya said. "It's also an event the whole family will enjoy."

The health fair is from 10 a.m. to 2 p.m. at Ramona Library, 1275 Main St., and is presented by NCHS in collaboration with the library.
